

The Hazzards, Gay boyfriend

1...2... Ready, Go....

I'm tired of boys who make me cry
They cheat on me and they tell me lies
The one I love will never stray
When he sees other girls he looks away
And if he never kisses me well that's alright
Cause we can just cuddle all night

(Chorus)

Gay Boyfriend, Gay Boyfriend
I don't really care that you are queer
Gay Boyfriend, Gay Boyfriend
I never feel lonely when you are near
It will be a great romance
We'll go shopping and buy some pants
You don't care how big my ass is
Just how fabulous my dress is

(Chorus)

Gay Boyfriend, Gay Boyfriend
I don't really care that you are queer
Gay Boyfriend, Gay Boyfriend
I never feel lonely when you are near

1...2... Ready, Go....

You cry at movies on our dates
Romantic comedies sure are great
But when you're sad I'll dry your tears
Cause I'll always think that you are fierce
I like cigarettes, and that's no gag
But you'll always be my favourite fag
You'll always be my favourite fag
You'll always be my favourite....
