

The Heavy, What Makes A Good Man?

Tell me now, and show me how to understand,
What makes a good man?
Tell me now, and walk the line, and understand,
What makes a good man?

Another round with this chemistry,
Another one with this plead on me
And time tells that there's a pedigree,
Expired as another one meant for me

Tell me now, and show me how, to understand,
What makes a good man?
Tell me now, and walk the line, and understand,
What makes a good man?
Good man

Yeha, yeah, yeah!

Tell me now, and show me how to understand,
What makes a good man?
Tell me now, and walk the line, and understand,
What makes a good man
Good man
Good man
Good man
Good man
Good man
Good man
Good man
What makes a good man
Good man
Good man
Good man
What makes a good man
Good man
