

The Hellicopters, In The Sign Of The Octopus

You know it's time to get the facts straight
Rosicrucians
Freemasons

You know the people in the shadows
Hashish eaters
Knights Templar

The hour of illumination
Few and unknown
Many and known

It's all obscure behind the eye
Initiation
Rite and Ritual

Oh we are everywhere
In the sign of the Octopus
It's just a twelve letter word
You can see it clearly now
But it's still obscured
And your vision will forever be blurred

You know the men behind the power
Merovingians
Prior of Sion

The men with all the funds
Multinationals
Bilderbergers

The keepers of the secrets
Majestic 12
Roman Curia

And all the playful gentlemen
The Golden Dawn
The OTO
