

The Hellacopters, Random Riot

Well, I've been around
I've seen the sights I've heard the sounds
Met some freaks
Sideshow honey super-psyched-out geeks
And I've been tryin' it
It's my bed baby I will lie in it
No shit
Don't give a damn 'cuz my cigarette is lit

I'm alone
I've seen the sights and it has shown me lot
It's not impressive
But I won't stop - or get down
I'm on the edge but I'll be around
No shit
Don't give a damn 'cuz my cigarette is lit

It's the truth baby I got a right
Fix me up with 3-D sight
It's the truth honey what can I say
It can't help me anyway

Random riot
Random riot
Random riot
Random riot huh!

Go!

It's the truth baby I got a right
Fix me up with 3-D sight
It's the truth honey what can I say
It can't help me anyway

Random riot
Random riot
Random riot
Random riot
Random riot
Random riot
Random riot
Random riot huh!

Wow!
