

# The Hives, Giddy Up!

So in the morning  
and in the evening  
we take the matter  
back in the saddle  
bedtimes are harder  
we throw a party  
we climb that ladder  
back in the saddle  
now look at all the fun  
now look at all the fuss  
this town ain't big enough  
not for the both of us  
we fight and disagree  
we get so tired see  
we're just a fusion babe  
be the solution babe  
a only way to reconcile is to get back in the saddle for a little ride  
giddy up now  
so in the morning  
and in the evening  
we take the matter  
back in the saddle  
bed times are harder  
we throw a party  
we climb that ladder  
back in the saddle  
now look at silly me  
now look at silly you  
avoid a problem call  
we only make a song  
but i'm a said us such  
that I dont mind too much  
like  
ride of to the sun  
a only way to reconcile is to get back in the saddle for a little ride  
giddy up now  
so in the morning  
and in the evening  
we take the matter  
back in the saddle  
bed times are harder  
we throw a party  
we climb the ladder  
back in the saddle  
a only way to reconcile is to get back in the saddle for a little ride  
giddy up now  
so in the morning  
and in the evening  
we take the matter  
back in the saddle  
bed times are harder  
we throw a party  
we climb the ladder  
back in the saddle  
so in the morning  
and in the evening  
we take the matter  
back in the saddle  
bed times are harder  
we throw a party  
we climb the ladder  
back in the saddle
