

The Hives, Giddy Up!

So in the morning
and in the evening
we take the matter
back in the saddle
bedtimes are harder
we throw a party
we climb that ladder
back in the saddle
now look at all the fun
now look at all the fuss
this town ain't big enough
not for the both of us
we fight and disagree
we get so tired see
we're just a fusion babe
be the solution babe
a only way to reconcile is to get back in the saddle for a little ride
giddy up now
so in the morning
and in the evening
we take the matter
back in the saddle
bed times are harder
we throw a party
we climb that ladder
back in the saddle
now look at silly me
now look at silly you
avoid a problem call
we only make a song
but i'm a said us such
that I dont mind too much
like
ride of to the sun
a only way to reconcile is to get back in the saddle for a little ride
giddy up now
so in the morning
and in the evening
we take the matter
back in the saddle
bed times are harder
we throw a party
we climb the ladder
back in the saddle
a only way to reconcile is to get back in the saddle for a little ride
giddy up now
so in the morning
and in the evening
we take the matter
back in the saddle
bed times are harder
we throw a party
we climb the ladder
back in the saddle
so in the morning
and in the evening
we take the matter
back in the saddle
bed times are harder
we throw a party
we climb the ladder
back in the saddle
