

The Hives, Statecontrol

I've been around the world
Take credit for the things I've done
I've done a lot of things
And I just turned 21

They tied me up, put red tape around my hands
I got caught in the web 'cause I didn't stand a chance

I can't control the state I'm in
Go back in line and repeat it again (x2)

I said please Mr. Doctor won't you cure my disease
I got a sore throat and I got scrubs on my knees
No matter what I do I can't get it straight
I tried to sort things out but I'm still stuck in the state

I can't control the state I'm in
Go back in line and repeat it again (x2)

I'm gonna lie, I'm gonna cheat
I'm gonna follow their lead then skip a beat
I'm gonna lie, I'm gonna cheat
And if that don't do it I don't know what will
I'm gonna lie, I'm gonna cheat
I'm gonna follow their lead then skip a beat
I'm gonna lie, I'm gonna cheat

I can't control the state I'm in
Go back in line and repeat it again (x4)
