

# The Hives, T.H.E.H.I.V.E.S.

I know that it has been a long time coming  
Your bought your tickets, you waited in line  
You were walking and now you find yourself running  
To get closer to the giant neon sign

Allow me to  
Give you a clue

You're looking at black and white  
Seeing our name in lights  
Gonna make you feel alright  
Cause baby we're here all night

We rule the world,  
This is our world

T.H.E.H.I.V.E.S.

You hold your breath and now it's silent  
The humming of the amps is all you hear  
Introducing for the fourth time running  
Cause if you don't know we'll make it very clear

Oooooooooohhh  
You know it's true

You're looking at black and white  
Seeing our name in lights  
Gonna make you feel alright  
Cause baby we're here all night

We rule the world,  
This is our world

T.H.E.H.I.V.E.S.

When you're all ripped up around a quarter to ten  
Gonna piece you back together by eleven and then  
When you sweated it out and you're all soaking wet  
Then we'll do it again

We rule the world,  
This is our world

T.H.E.H.I.V.E.S.
