

The Hollies, Baby Don't Cry

(Hiller / Ford)

I got a girl she's crazy about me
She'll go down in history
Twenty four hours of every day she'll cry

So baby don't {Baby don't cry}
Oh baby don't {Baby don't cry}
Dance a little, shake a little, you can even twist and shout
But baby don't cry, baby don't cry

Everytime we say good night
As I go to hold her tight
Never get to kiss her 'cauze she cries

Oh baby don't {Baby don't cry}
Oh baby don't {Baby don't cry}
Dance a little, shake a little, you can even twist and shout
But baby don't cry, baby don't cry

Break

Does she love me, Yes or no
Will she ever tell me so
She just doesn't got the time She cries

Oh baby don't {Baby don't cry}
Oh baby don't {Baby don't cry}
Dance a little, shake a little, you can even twist and shout
But baby don't cry, baby don't cry

Dance a little, shake a little, you can even twist and shout
But baby don't cry, baby don't cry
One, two, three, four
