

The Hollies, Feet On The Ground

If we speak of lovin'
Will it come from our hearts
Do we want this night of love to last forever
Or do we just part

Listen to yourself
Are you sure that's what you wanna say
We know that things sound different
In the cold light of day
Don't get dizzy and lose our heads
On the merry go round
I don't wanna be taken for a ride
Keep both feet on the ground

When we wake up in the morning
Will there be anyone there
Whoever is the first one to rise
Will be the one who cares

So, let's close our eyes and go to sleep
With a thought for the day
Waiting for tomorrow
Just to see if there's truth in what they say
Let's say goodnight
You know goodbye is a hard word to say
Hold me close
We've reached the end
So let's drift on away
With a thought for today

I'm hopin', you're wishin'
I'll stay by your side
I'm wishin', you're hopin'
That a flame doesn't die

And if we speak of lovin'
Will it come from our hearts
Do we want this night of love to last forever
Or do we just part

So, let's close our eyes and go to sleep
With a thought for today
Waiting for tomorrow
Just to see if there's truth in what they say
Let's say goodnight
You know goodbye is a hard word to say
Hold me close
We've reached the end
So let's drift on away
Drift on away
Drift on away
Drift on away
