

The Hollies, I Thought Of You Last Night

I thought of you last night
I thought of you and thought of you
Until the morning light
I couldn't sleep I couldn't sleep last night

I wanted you last night
I wanted you and wanted you
And wished with all my might
You'd come to me you'd come to me last night

Darling my darling I can't live without you
I'm lonely so lonely when you're out of sight

I'll wait for tonight
I'll wait for you and wait for you
And long to hold you tight
Bring your love to me your love to me tonight

I thought of you last night
I thought of you and thought of you
Until the morning light
I couldn't sleep I couldn't sleep last night

I'll wait for tonight
I'll wait for you and wait for you
And long to hold you tight
Bring your love to me your love to me tonight
Bring your love to me your love to me tonight
