

# The Hollies, Leave Me

(Hicks / Clarke / Nash)

Leave me

If it gives you satisfaction  
slander my name all over the place  
Don't you have an inclination  
you're gonna ruin a reputation  
Leave me

Tell me

Now I've got you in the corner  
won't you admit you've been telling me lies  
I don't care about you  
I'll get along without just  
Leave me

It's so hard to please (hard to please) you yeah  
Tease (hard to tease) you

Leave me

I don't ever want you near me  
Pack all your things and get out of my sight  
Your love was made of sand  
I've had all I can stand  
Leave me

chorus

verse 3

You've got to leave me baby  
C'mon now  
You've got to leave me baby
