

The Hollies, Mr. Moonlight

(Johnson)

You came to me one summer night
And from your beam you made my dream
Woh let me tell you now
And from the world you sent my girl
And from above you sent love

Now she is mine
I think you'll find
Because she loves you
Mr Moonlight

Mr Moonlight
Come and again please
Here I am on my knees
Begging you to please

The night you don't come my way
I pray each day
Because she loves you
Mr Moonlight

Break

The night you don't come my way,
I pray each day
Because she loves you
Mr Moonlight

Mr Moonlight
Come and again please
Here I am on my knees
Begging you to please

The night you don't come my way,
I pray each day
Because she loves you
Mr Moonlight
