## The Hollies, Stand by me

| Three oclock in the | morningI got a pai | n in my heartLyin | g awake I see you | just a shadow in the c | lark |
|---------------------|--------------------|-------------------|-------------------|------------------------|------|
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
|                     |                    |                   |                   |                        |      |
