

# The Hollies, You Know The Score

(Sylvester / Clarke)

I look to the east and I look to the west  
trying to find a place where there's rest  
You know where I go, you know it's the same show  
people turning their backs, not wanting to know

Look there son, you'll find hungry mouths  
saying please feed me well I'm only a child  
All around you'll find fallow ground  
but you can't plow a field with a hundred missiles

You know the score  
You know it's war  
Death and destruction  
We gotta change it now  
Lord only knows how  
to turn it into more

Where have all the rainbows gone  
Where where where  
My, oh God, says he's seen better days  
Where, where, where

Speak to me, Lord Speak to me, Lord  
Come on down with Your fiery sword  
Rid this place of all its hate  
Show Your face before it's too late

You know the score  
You know it's war  
Death and destruction  
Death and destruction

Death and destruction  
We gotta change it now  
Lord only knows how
