The Hoosiers, The Trick To Life

Everything you love turns to dust You'd make more of it but you felt rushed By all that's periphery You held tight but on the contrary

The trick to life is not To get to attatched to it The trick to life is not To get to attatched to it

You'd kill for answers but Learn to live with questions what, why, how and if I'll sit back detatched Tear out your hair oh But on the contrary

The trick to life is not To get to attatched to it The trick to life is not To get to attatched to it

Everyone you love turns to dust You'd jump off the edge But you feel pushed By all that's unnecessary You tread but your off on the wrong foot

The trick to life is not To get to attatched to it The trick to life is not To get to attatched to it The trick to life is not To get to attatched to it

Don't get attached to Attached to life Don't get attached to Attached to life Don't get attached to Attached to life

The trick to life is not To get to attatched to it The trick to life is not To get to attatched to it

Don't look your life passed you by 'Cause you're too attatched to it Don't look your life passed you by 'Cause you're too attatched to it
