

The house keepers, Runaway

More than I could
More than I would
More than I ever wanted from you
Things that you said
Things that you had
Given to me so precious
Feel on fire I can't hide it
And I even won't deny
It's all that you are
Bring me so far
Take me with you high on the stars
The love you give
It makes me happy
And every beat of my heart
It makes me so high
The love you give
It makes me happy
And every beat of my heart
It makes me so high
It's like a flower
Growing vain now
And could be like a star
It's like a flying again
Trying for a high up in the sky
The love you give
It makes me happy
And every beat of my heart
It makes me so high
The love you give
It makes me happy
And every beat of my heart
It makes me so high
The love you give
It makes me happy
And every beat of my heart
It makes me so high
The love you give
It makes me happy
And every beat of my heart
It makes me so high
