

The Human League, Get It Right This Time

Oh, you know, we'll get it right this time. I could be up there with you so high, girl. (I really love you baby).

Oh and I say. Living my life in my own kind of way. This time, this time, this time. Smacked on my chin but I'm back with a grin. This time, this time, this time. I know I was wrong but I won't go it alone. This time, this time. this time. It won't be the same if you stay with me, baby.

Heaven so high. I see you so clear. Making up this time.

Oh, you know, we'll get it right this time. This time will be for sure. I could be up there with you some time, girl. This time will be for sure. (I really love you baby).

It's been a year. But where there's love there is nothing to fear. This time, this time, this time. Made my mistakes but no foot on the brakes. This time.

Heaven so wide. It seemed so clear. Time after time after time.

Look at the way love has gone. Up there in your lonely room tonight. Look at yourself pretty one. I could be holding you oh so tight.

You know, we'll get it right this time. This time will be for sure. I could be up there with you so high, girl. This time will be for sure. (I really love you baby).

Look at the way love has gone. Talk about, talk about, talk about, talk about. Don't let it disappear now. Up there alone in your room every night. Isn't it sad what I see? All alone all alone all alone all alone. Is this the way it should be? Open the book and then take one mad look back.

Oh, you know, we'll get it right this time. This time will be for sure. I could be up there with you so high, girl. This time will be for sure.

(I really love you baby). Oh, you know, we'll get it right this time. I could be up there with you so tight, girl. This time will be for sure. (I really love you baby).

Oh, you know, we'll get it right this time. Oh, you know, we'll get it right this time will be for sure. Oh, you know, we'll get it right this time. Oh, you know, we'll get it right this time this time will be for sure, girl.
