

# The Hush Sound, Intro

There are children whirling, laughing,  
They don't know they should be scared.  
Give me that hope, give me time to love  
high above the glowing city.  
Planes make circles humming madly  
Please keep me safe  
Give me time to love.  
All I can do, all I can say.  
I'll keep you safely in my arms and close your ears to not hear harm,  
I'll sing to you.
