

# The (International) Noise Conspiracy, Bigger Cage

Hold me down! Cause I don't wanna wait  
And I've been blackmailed by myself into this state.  
Shut it up! Cause I don't wanna hear  
About old and boring ethics right into my ear

Hold me down! Cause I don't wanna be  
Another victim of salvation that is choking me  
Set it off! Cause I've had enough  
So please, please, please, now baby, please shut up

Consider me, consider this  
Empty faces kissing on on emptiness

Hold me down! Cause I don't wanna wait  
For some unemployment plan to set the record straight  
Shut it up! Cause I don't wanna hear  
About prospects of redemption by the things we fear

Hold me down! Cause I don't wanna go  
And things are moving backwards, baby, or not at all  
Set it off! Cause this is killing me  
I'm just waiting for something that will set me free for real

Consider me, consider this  
Empty faces kissing on on emptiness

You see now baby, how this fire turns to flames  
And I kept hoping that things would change  
But now I see that it's up to you and me  
Let's get together...  
Let's set ourselves free, come on!

You see now baby, how this fire turns to flames  
And all they're offering is bigger cages, longer chains
