

The (International) Noise Conspiracy, Smash It Up

I want to smash it up for all the workers who spent hours into nothing
I want to smash it up for all my sisters who got caught up in this punk ass
system

I want to smash it up just like a locust, like a satellite shooting rockets
I want to smash it up in every way I can and right now I think I want to be
your man

Smash it up when I'm down

I want to smash it up for all the kids who got fucked up just like their
parents did

I want to smash it up - the gods and masters who made us die so much faster

Yeah you know I want to smash it up

Smash it up when I'm down

I want to smash it up for all the people and for our right to be treated equal

I want to smash it up for all my friends I hope you stick around until the very
end

Yeah you know we gotta smash it up

Smash it up when I'm down
