

# The (International) Noise Conspiracy, The Assassination

The assassination of myself.  
Couldn't have gone any other way.  
Wasn't looking for the given escape.  
Always knew what was at stake.  
I felt so undesired.  
I felt so stuck in my role.  
I felt like it was all decided.  
Right now I know. This is the way to get back in control.  
The corruption of my character.  
Had it in my own hands.  
Never settled with easy promises.  
Never liked much being a man.  
I felt so undesired.  
I felt so stuck in my role.  
I felt like it was all decided.  
Right now I know. This is the way to get back in control. [2x]  
The assassination of myself - I've gotta get it right.  
The corruption of the same - I've gotta get it right.  
Kill the man I am today - I've gotta get it right.  
The assassination of myself.  
I felt so undesired. [2x]  
I felt so stuck in my role. [2x]  
I felt like it was all decided. [2x]  
Right now I know.  
This is the way to get back in [3x]  
control.
