

The (International) Noise Conspiracy, The Transmission

A secret underground, transmission
Upon the trails, so please won't you listen
And everybody said what are we doing here
Subverted sound right into your ear

A testimonial, a sin from kissing
You don't know just what you are missing
A later story told almost everywhere
Provide a normal side that you don't want to hear

We don't want them, we don't want them to know
We don't want them, we don't want them to know
We don't want them
It would be a secret, come on I told you so
We don't want them, we don't want them to know
We don't want them, we don't want them to know
We don't want them
It would be a secret, come on I told you so

A secret underground, stealth mission
A ton of ??? bomb sorry transmission
And everybody said what are we doing here
Subvert the obvious right into your sphere

We don't want them, we don't want them to know
We don't want them, we don't want them to know
We don't want them
It would be a secret, come on I told you so
We don't want them, we don't want them to know
We don't want them, we don't want them to know
We don't want them
It would be a secret, come on I told you so
We don't want them, we don't want them to know, we don't want them, we don't want them to know
We don't want them, we don't want them to know, we don't want them, we don't want them to know
