

# The Internet, Special Affair

Penny for your thoughts, I know what you want  
I can read your mind even from behind  
And fuck what's in your phone, lemme take you home, I wanna take you home

Cause it's so rare that I'm here, don't plan on staying too long  
So you should come here, sit your ass on this throne  
This a special affair, better act like you know who I am, who I am

I bet this patron make you feel nice and comfortable  
Tryna act nice girl your cover's blown  
But you already knew that  
You already knew that  
You already knew that

We can burn one  
We can burn one

Biting in the dark, I might break your heart  
I can get you high if you wanna clap  
Cause fuck leaving alone  
Let me take you home, I wanna take you home

Cause it's so rare that I'm here, don't plan on staying too long  
So you should come here, sit your ass on this throne  
This a special affair, better act like you know who I am, who I am

I bet this patron make you feel nice and comfortable  
Tryna act nice girl your cover's blown  
But you already knew that  
You already knew that  
You already knew that  
I bet this Patron make you feel nice and comfortable  
Tryna act nice girl your cover's blown  
But you already knew that  
You already knew that  
You already knew that

We can burn one  
We can burn one

I bet this patron, I bet this patron
