

# The Isley Brothers, Let Me Down Easy

Is love behind me?  
Though I need you to satisfy me  
Destiny will prove to divide me  
For you're a part of me  
I feel the love within you  
Your beauty lies deep within you  
Touching me when you feel the need to  
Become as one with me

So let me down easy  
If ever you were to leave  
My love, let me down easy  
For all I know is you

Take you for granted?  
That could never, never be  
An advantage  
All this love, and free from demanding  
You have always felt the need to be pleased  
And you stay close beside me  
Though our minds are free for deciding  
The life to lead and desiring  
To see what they can see

Oooh!  
Let me down easy  
If ever you were to leave  
My love, let me down easy  
Ooohhh...

Ah! Spending time, time with you  
Counting the days of my life  
Oh, hoping that, that with me  
You will stay

So let me down easy  
If ever you were to leave  
My love, let me down easy  
For all I know is you

Being around you  
Lovely things I feel are about you  
Being strong until I'm without you  
For you're the strength in me  
And you give me inspiration  
Realizing that it has taken  
More love and more love makin'  
To fulfill my every need

So for me  
Let me down easy  
If ever you were to leave  
My love, let me down easy

If ever you were to leave  
My love, let me down  
Oh, easy

If ever you were to leave  
My lo-ove, let me down, let me down, let me down  
Easy, baby

Oh-ho! Let me down, hey, down, down, down, down  
Easy

Hey, if ever, if ever, ever, ever you were to leave me
