

The Isley Brothers, Prize Possession

Sanctuary
Is what you
Are to me
Yeah
No dictionary
Can find
The words to say
How much
I love you
Hallelujah
It's bout time I found someone Whose gonna love me
For me
Hey Miss Beloved
Since you come into my life
And unlocked the door
To my heart
I've been free

Many have called
But the chosen are few
Yeah
Said there's so few
That's why I'm so happy
Woman
To be lying next to you
Yeah

Prize possession
You're my
Movie star
My near or far
My everything

You are my
Prize possession
You are my cozy nights
My fireplace
My sweet melodies

You put the light at the end of my

Tunnel
Yes you did
And you did not let me die
When it looks like life was gettin' away
From me
Ohhh
You loved
And clothed
And you fed me woman
I remember
Momma
You're my best friend
I love you
And woman you've got to know your

My prize possession
Said you are my
Movie star
My near or far
My Christmas carol

Prize possession

You are my
Cozy nights
My fireplace
My sweet melodies

Lady April
Let your rain fall down
It's much cozier when it's wet
We can cuddle up together
Oohhhhh
Aww!
C'mon suga
We can weather any storm
A family that prays together
Will stay together
