

# The Isley Brothers, Spend The Night

Spend the night  
With me tonight  
C'est soir tonight

Spend the night  
with me tonight  
tonight tonight

Why go home to an empty bed?  
Why try to fight those passions in your head?  
We're two hearts on fire  
Fueled by a simple touch  
With love and desire we both need so much

You're the girl  
only girl  
so right for me

You're the girl  
golden girl

Spend the night  
With me tonight  
C'est soir tonight

Spend the night  
With me tonight  
Tonight tonight

Listen,  
I'm not out just for an easy lay  
I really love you in a special way  
Unlock the door girl  
We can throw away the key  
I want more of you  
And girl here's all of me

You're the girl  
Only girl  
So right for me

You're the girl  
Golden girl

Spend the night  
With me tonight  
C'est soir tonight

Spend the night  
With me tonight  
Tonight tonight
