

# The Jacksons, Breezy

Breezy, yeah

They say that you'll be gone  
Never stay too long  
Won't let love begin  
And you changed like the wind  
Girl I got you on my mind  
Laid my heart right on the line  
Like a mirror in the sky  
Love's reflecting in your eye

(Chorus:)  
(Breezy)you're so easy to love  
(Breezy)you're my high flying dove  
(Breezy)don't let love fly away  
Baby stay, oh (ooh)  
(Repeat)

The wild is living free  
You're so warm to me  
Love is coming on  
And I feel it getting strong  
Trying everyway I know  
To make you never want to go  
The wind that brought you here is gone  
Why race back to where you belong

(Chorus)
