

# The Jacksons, Living Together

I want the world  
The whole wide world  
To stop and listen to me

If we're going to stick together  
We've got to be a family  
This love  
Love  
Love

Have yourself a good, good time  
But don't you know  
It's getting late

Yeah, if this world  
Is gonna be our home  
We gotta make it strong  
By living together

'Cause if this world  
Is gonna be our home  
We've got to make it strong  
By living together

Have yourself a good, good time  
But don't you know  
It's getting late

Yeah, yeah, yeah, yeah

Give me peace  
Give me sweet, sweet peace  
So I can do my thing  
I don't want no wars to hurt me  
'Cause hurt is all it brings

Lets take the time  
To check it on out  
And learn what's right and wrong  
Someday we can tell our children  
That all the wars are gone

Love, love, love  
Have yourself a good, good time  
But don't you know  
It's getting late

If this world  
Is gonna be our home  
(We gotta believe)  
Gotta make it strong  
By living together

If this world  
Is gonna be our home  
We gotta make it strong  
By living together

Have yourself a good, good time  
But don't you know  
It's getting late

(Have yourself a good, good time)  
(Have yourself a good, good time)

Gotta make it strong together  
It's the only way to do it  
Please, please, please
