

# The Jayhawks, Good Long Time

Everybody's talking about my baby  
They say she's half blind  
Everybody's talking about my baby  
They say she's half blind

Chorus:

It's been a good long time  
And now I'm long gone  
It's been a good long time  
And now I'm long gone  
And still this heartache lingers on

I miss you in dreams I do remember  
Dark shadows drift across my room  
I miss you in dreams I do remember  
Dark shadows drift across my room

(Chorus) \*2

(Verse 2)

(Chorus)  
And still this heartache lingers on  
And on and on and on and on  
And still this heartache lingers on

You keep roll it on out, keep rolling, rolling on  
Yeah, you keep roll it on out, keep rolling, rolling on  
And still this heartache lingers on

(Chorus)
