

# The Jayhawks, Ten Little Kids

It all started one day  
It came out of the blue  
Everybody was talking  
'Bout the bad things their  
Moms and dads were doing

Chorus:  
Ten little kids  
On the side of the road  
Laughing, running  
Jumping, playing  
They don't care what their  
Moms and dads are doing

It began in the summer  
I broke my arm in the swamp  
Never fixed us supper  
So we ran her down when we grew up

(Chorus)
