

# The Jayhawks, Tried & True

Its a tried and true love, not the jealous kind

Its a black and blue love

Honey, where ya been since ya been mine?

Chorus:

Tried and true love

Tried and true love

Its a daylight moonshine, not the night light kind

Its a tried and true love

Honey, where ya been since ya been mine?

(Chorus) \* 2

(Verse 2)

(Chorus) \*2
