

# The Jayhawks, Two Hearts

Well, I know your name  
Takes you back from where you came  
Your words, they show  
Sometimes it's real to be alone  
So real to be alone

I survive, it's true  
But when I get close to June  
Alright, okay  
It's just two hearts that make us pay  
Two hearts that make us pay

It's no better when you cry  
Well, have you stopped to watch? She'll fly  
Well, have you stopped to watch? She'll...

I-I-I-I'm lonely  
I-I-I-I'm lonely  
I-I-I-I'm lonely too

Well, the love you need  
I don't expect you to let me see  
You held your grace  
It's just two hearts that make us pay  
Two hearts that make us pay

You appear so strong  
Only faith could lead us home  
Alright, okay  
It's just two hearts that make us pay  
Two hearts that make us pay  
Oh, two hearts that make us pay
