

The Jayhawks, What Led Me To This Town

What led me to this town
Room to roam but no place called home
Dazed at first but shaking off the Sunday gloom
What led me to this town
Such a lazy afternoon
Eight shades of gray and I can taste the rain
Oh, how high the lovely have flown
What led me to this town
Blue lights shining over my life
Blue lights shining over my life
Blue lights shining over my life
Blue lights shining over me
Sometimes I can't get free
When you're standing right there in front of me
I woke up one day and my dreams were gone
What led me to this town
Blue lights shining over my life
Blue lights shining over my life
Blue lights shining over my life
Blue lights shining over me
What led me to this town
Are you keeping a secret
Well, I'm keeping one too
Can you keep it a secret
I'm in love with you
What happened to this boy
Such a lovely mother's son
Blue lights shining over my life ...
