

# The Jenkins, Getaway Car

remembering when we first met  
we had that adventure in our eyes  
but something got away, i guess  
in the everyday of our lives  
and i don't know what keeps us here  
let's disappear and start all over again

we can run away baby come as you are  
you can look at my heart as your getaway car  
we can drive all night it will be alright  
love can take us so far in your getaway car

all we need is the open road  
and more fuel for the fire inside us  
steer us on to lands unknown  
and we can leave this world behind  
and all i know is you and me  
that's all we'll need to start all over again

we can run away baby come as you are  
you can look at my heart as your getaway car  
we can drive all night it will be alright  
love can take us so far in your getaway car

turn up the radio (radio)  
don't look back again (no)  
let me put the pedal down, get us out of this town  
don't be afraid to ride

we can run away baby come as you are  
you can look at my heart as your getaway car  
we can drive all night it will be alright  
love can take us so far in your getaway car

we can run away, baby  
you can look at my heart as your getaway car  
all we need is the open road c'mon, c'mon baby let's go now now, yea  
ooo, baby, ooo ooo

you can use my heart as your getaway car
