

The Jesus And Mary Chain, Girl71

Girl, you got nothing
You got me, you got nothing
You got me, and there's nothing
You got me
Girl, I've got you
You got me, and there's nothing
We got wine, we got nothing
We got wine

But that wouldn't last a day
Well, nothing does, so that's okay
Piss doesn't touch the ground
Give up what you need

Hey, we got something
I've got you, we got something
You've got me, we got something
We've got love

But that's gonna last a day
Another day, another day
We're gonna take the time
Another day, another day
I can't get by without you now
Another day, another day
Can't get by without you
We got what we need

Hey, hey
We got what we need
Hey, hey
We got what we need
Hey, hey
We got what we need
Hey, hey
We got what we need
