

# The Jesus And Mary Chain, Hide Myself

What if I die  
Would you even cry  
God knows it's true  
I didn't understand you

I've been trying to hide myself from you  
I've been trying to run and hide from you

Got no reason to go  
Got no reason to stay

Got no reason to go  
Got no reason to stay

God knows it's true  
God knows it's over

God knows it's true  
God knows it's over

God knows it's true  
God knows it's over

Got news for you  
You didn't understand me
