## The Jesus And Mary Chain, Something's Wrong

Another day goes by me
Another day of life without you
And as I look around me
I feel so lonely there's no one
No one here beside me
No one here to help to see me through
To see me through
To see me through
Cause I need you
Cause I need you

Been standing still for much too long And I realise there's something wrong I'm feeling strange, I need a change And I realise that there's something wrong There's something wrong There's something wrong

Another two years over Don't understand what's happened to me These days are so much colder Up against the fire, don't feel any heat Cracked up years behind me Cracked up years ahead are all I see Are all I see
