

The Jesus And Mary Chain, Sometimes

Kid's got something keeps it well hid
One of these days I'm gonna shake off the lid
Dig beneath the dirt maybe scrape beneath the skin
It's getting so bad I think I'd die to get in her
Sometimes you just can't get enough
I got the feeling that I've been here before
I'm on my knees and I'm kissing the floor
I got the feeling that I've crashed in a car
I got the feeling aw babe you're a star
And you understand
Sometimes you just can't get enough
