

The Jesus Lizard, If You Had Lips

Hey shitmouth
I love you
hey shitmouth
I love you
a number of years
have passed between our
legs
taste your buttery muffin
hey shitmouth!

I've never known anyone who bent so much to me
I never
I've never known anyone who bent so much to me
I never

When you smile
I can smell your breath
I see the shit
on your teeth

man, I'd love to catch ya
if you had lips I'd kiss ya
I pray the Lord to curse ya

hey shitmouth
I love you
will you bury me?

Ancient man - he needed
Ancient man - he had it
Man, I'd love to catch ya
If you had lips I'd kiss ya
Pray the Lord to curse ya
Now we two lay together
Will ya bury me?
Will ya bury me?
Will ya bury me?
