## The Jesus Lizard, If You Had Lips

Hey shitmouth
I love you
hey shitmouth
I love you
a number of years
have passed between our
legs
taste your buttery muffin
hey shitmouth!

I've never known anyone who bent so much to me I never I've never known anyone who bent so much to me I never

When you smile I can smell your breath I see the shit on your teeth

man, I'd love to catch ya if you had lips I'd kiss ya I pray the Lord to curse ya

hey shitmouth I love you will you bury me?

Ancient man - he needed Ancient man - he had it Man, I'd love to catch ya If you had lips I'd kiss ya Pray the Lord to curse ya Now we two lay together Will ya bury me? Will ya bury me? Will ya bury me?
