

# The Jesus Lizard, Shut Up

Driving down the road at night, I didn't want to listen anyway  
The conversation ended right, I know what you're about to say  
Shut up, shut up, shut up, shut up why don't ya  
Shut up, shut up, shut up, shut up why don't ya  
Shut up, shut up, shut up, shut up  
I'll go ahead and leave you here, argue with yourself all night  
I got a lot of things to do, I just want you to get out of sight  
Shut up, shut up, shut up, shut up why don't ya  
Shut up, shut up, shut up, shut up why don't ya  
Shut up, shut up, shut up, shut up
