

The Jet Set, Let's Give It Up

(Parlando):

I'm ready for a good time
Maybe I'll meet a hunk this time
Today is the day

(Vocal):

Let's go to the party
It's time to get down
Forget about everything it's party time
Come together everyone
Just bounce up and down
Let's go to the party
It's party time

(Vocal):

Now we are ready for a good time
So come on let's celebrate
We're gonna have a party
And scare those clouds away
We can feel the DJ pumping
So come on let's hit the flow
Cause the crowd is already screaming now for more

(Vocal):

Let's go to the party
It's time to get down
Forget about everything it's party time
Come together everyone
Just bounce up and down
Let's go to the party
It's party time

(Vocal):

Tonight was meant to party down
No more rainy days
So if you feel the same way, what you waiting for

(Vocal, Ref.):

Everybody's living it up
Raise your hands to the ceiling if you can't deny this feeling
(yeah, yeah)
Everybody's living it up
Don't you worry bout tomorrow, cause it might be filled with sorrow
(yeah)

Everybody's living it up
Raise your hands to the ceiling if you can't deny this feeling
(yeah, yeah)

Everybody's living it up
Till the moon close back around, we'll get down, down, down, down

(Vocal):

Even in the light of another day, this will never fade away
Cause this was meant to stay, don't you be afraid
We'll keep dancing till the sun goes down
And the stars come out to shine
We will have a good time just as long as we keep it down

(Vocal):

Let's go to the party
It's time to get down
Forget about everything it's party time
Come together everyone
Just bounce up and down
Let's go to the party
It's party time

(Vocal):

Keep it pumping now, pumping now
Keep it pumping now, keep it pumping now
Keep it pumping now

(Vocal, Ref.):

Everybody's living it up

Raise your hands to the ceiling if you can't deny this feeling
(yeah, yeah)
Everybody's living it up
Don't you worry bout tomorrow, cause it might be filled with sorrow
(yeah)
Everybody's living it up
Raise your hands to the ceiling if you can't deny this feeling
(yeah, yeah)
Everybody's living it up
Till the moon close back around, we'll get down, down, down, down
