## The Jets, Crush On You

How did you know 'cause I never told You found out, Ive got a crush on you No more charades, My hearts been displayed, You found out, Ive got a crush on you

You must have heard it From my best friend Shes always talkin when she should be listenin Cant keep a secret To save her life But still I trusted her with all I felt inside I never knew, a rumor could spread so fast (cause now the) Word is out! All over town That Im longing for you

Chorus How did you know If i never told You found out I've got a crush on you No more sharades, My hearts been displayed You found out I've got a crush on you

Maybe I was the one who left the trace Was there a message written on my face One little emotion so easily read That you would know my love before a word was said... Was it my eyes that let you know you had control Because the way you move It was so self-assured You knew I would surrender!
