

The Juliana Theory, This Is Not A Love Song

The time is 2:22
And I hope your wish comes true
But you say "I'll know before you do"
And I hope you're right.

Why can we talk this way
We always speak when you're so far away
And I'm sitting right here
It's 10:00 your time and it's 1 by mine.

And I often wonder
Why you even care
Do you ever wonder (ever wonder)
Why we met here.

The time is 2:22 and I hope my wish comes true
And I think I'll know just when you do
And I hope I do
Maybe this is just what I need and maybe I'm wrong.

Maybe I'm wrong...

And you're so far away
And I'm sitting right here
It's 10:00 your time and it's 1 by mine.
