

# The Junior Varsity, Get Comfortable

Locals read me  
Like i'm not supposed to be where i should be  
But i creep  
To the backbone of my being  
Raise your flags but keep your distance  
Steal and skin go get your reasons  
Raise your flags but keep your distance  
Steal and skin  
I fell right at home in my town  
Happy day  
And step out into the freezing morning air  
Feels good to know that everyone here  
Feels good to know that everyone waves by habit  
But it makes my day by habit  
But it makes my day by  
I thought i'd be  
Right where i wanted to be  
So what now  
I crashed the course  
Could i get back on it?  
Steal to live and thats my reason  
Steal to live  
I feel right at home in my town  
Happy day  
And step out into the scorching day by day  
Feels good to know that everyone here  
Feels good to know that everyone waves by habit  
But it makes my day by habit  
But it makes my day by  
Now i lay down and stare  
Watch my walls  
Find the friendly faces  
Anyone i know  
I feel out of place in my old town  
Just a day  
Another day  
Feels strange to know that everyone here  
Feels strange to know that everyone waves by habit  
Just another day by habit  
Just another day by
