

The Katies, Ode To Sg

(verse)

two shots on the clock I feel it's time to talk
you make me wanna knock you over and out
so come lets have a pout
and pour another stout
they're playing another tune for me

(chorus)

Hey, Hey give it all way and get it back baby

(verse)

Darlin' Dynasty pour yourself belief
And we could crank up Richard III
A saucy little tune for swallowing balloons
You make me wanna
Take you to Monkberry moon
