

The Kelly Family, Don't be so unhappy

Sadly that's how you're feeling,
Sorry, my heart was deceiving
I want you to know,
Our time has it's reason
Long before my love was gone
I felt that this will go wrong
Don't be so unhappy
Live has just begun
Don't be so unhappy
That are wars that cant't be won
Daddy, gave you a hard time
Forgive me, we live different lives
Brought her Kid a baby
Can't erase, can't be wiped
Long bevore my love was gone
I felt just turned out wrong
So don't be so unhappy
Live has just begun
Don't be so unhappy
Wars that cant't be won
Don't be so unhappy
Live hast just begun
Long bevore my love was gone
I felt things will go wrong
Don't be so unhappy
Live has just begun
Don't be so unhappy
Wars that cant't be won
Don't be so unhappy
Wars that cant't be won .
