

The Kelly Family, Jingle Bells

Jingle bells jingle bells jingle all the way
Oh what fun it is to ride
In Santas Christmas sleigh hey
Jingle bells jingle bells jingle all the way
Oh what fun it is to ride
In Santas Christmas sleigh
Dashing through the night
In a wonderous christmas sleigh
Round the world he goes
Laughing all the way
There high up in the skies
You see his reindeer climb
As this jolly gentleman
Sings his merry rhyme hey
Jingle bells...
White hair and beard in wind
And frost bit cheeks and nose
With twinkly eyes big belly laugh
Red and white his clothes
Dashing house to house
To childrens wild delight
Dear Santa flies from north to south
To every light tonight hey
Jingle bells...
Down your chimney he glides
His reindeer makes no sound
He fills and light your christmas tree
And up again he bounds
Dear Santa laugh with glee
To see his magic pack
The more he gives to every child
The bigger the bag on his sack hey
Jingle bells...
