

The Kelly Family, Never Gonna Break Me Down

There used to be hope,
but now Ive lost it
its gone forever
being a better person
used to be something
but now Ive lost it
There used to be better times,
better, better places
where I was happier
being a better person
used to be something
I used to be proud of
You always hurt the ones you love the most
the ones youre not supposed to hurt at all
Youre never,
no, youre never
gonna break me down
if you try 2x
There used to be hope,
but now Ive lost it
its gone forever
being a better person
used to be something
I used to be proud of
You always hurt the ones you love the most
the ones youre not supposed to hurt at all
Youre never,
no, youre never
gonna break me down
if you try 2x
I dont wanna be left
in the backyards
but your love is so so strong
that I cant help myself
Stop now!
Youre never,
no, youre never
gonna break me down
if you try 3x
If you try!
